

# Julliet & Martin are feeding disadvantaged children!

Julliet has started a project with Pastor Samuel Nganga (Heart of Mercy inc) to feed, clothe and help to educate the disadvantaged children, of her home town Njoro, Kenya.

Project Active Njoro started on the 1<sup>st</sup> January, 2010 by feeding 46 disadvantaged children (plus 10 disadvantaged adults & others). Future projects are planned, as can be seen on Julliet's website:

It is hoped that this project will continue and build. Donations will be very welcome, recorded and used to the best advantage for these children.

**Please, give what you can, however small. It will help!**
